

# Intern Observation Form

*The following Intern Observation Form should not be completed until sometime in your second month of using Phono-Graphix. Use this form when observing another intern and have him or her use another copy of this form when observing you. Meet to discuss your observations of one another. After the meeting, each of you should submit the contents of this form for the other. In other words, you should submit your observations of the other intern, and he or she should submit his or her observations of you. Once this is done, you will have access to the online exam further down the page from which you printed this form. We suggest you take the next month after the observation to put in place the suggestions that came out of the observation prior to taking the final examination. Please **DO NOT** return this form (or anything else) to Read America. All submissions are done online. Good Luck!*

name of intern \_\_\_\_\_

date of observation (d/m/y) \_\_\_\_\_

print name of observer \_\_\_\_\_ signature \_\_\_\_\_

location of observation \_\_\_\_\_

observation of  word work lesson  small group lesson  one on one remedial lesson  
 other (please explain ) \_\_\_\_\_

length of the lesson \_\_\_\_\_ age of the children \_\_\_\_\_

number of children involved in the lesson \_\_\_\_\_ number of children present in the room \_\_\_\_\_ adults supervising \_\_\_\_\_

List the activities used in this lesson in the order of occurrence. Please use the Phono-Graphix names of lessons from the Phono-Graphix manual. \_\_\_\_\_
